

Sarvani Topella

Computer Science Engineering Student

Hyderabad, India · 2420030367cse@gmail.com · +91-9848271788 · github.com/Sarvani-2420030367 · linkedin.com/in/sarvani-topella-94433b31a

PROFESSIONAL SUMMARY

Computer Science Engineering student with a strong interest in programming, problem-solving, and software development. Skilled in building AI, computer-vision, and web-based applications, with hands-on exposure to hackathons and internships. Eager to contribute to real-world projects and grow through internships and collaborative development.

EDUCATION

Bachelor of Technology (B.Tech) — Computer Science Engineering

KLH Deemed to be University, Hyderabad · CGPA: 9.2 · Expected Graduation: 2028

Ignite Junior College, Hyderabad

MPC Stream — Mathematics, Physics, Chemistry · Percentage: 91.7%

Matrusri DAV Public School, Hyderabad

Secondary School · Percentage: 89.9%

TECHNICAL SKILLS

Programming Languages: C, Java, Python

Core Computer Science: Data Structures & Algorithms, Object-Oriented Design, Operating Systems, Computer Networks, Database Management Systems

Tools & Technologies: Git & GitHub, HTML, CSS, Linux (Basics)

EXPERIENCE

Virtual Intern — Pinnacle Labs

- Developing a Resume Analyzer using Python for resume parsing, skill extraction, and candidate evaluation

PROJECTS

AirScript AI — Real-Time Vision-Based Air Writing & Hand Gesture Recognition System

- Built a real-time system using MediaPipe and Deep Learning OCR to recognize hand gestures and convert air-written input to text
- Knowledge gained: Computer Vision, Hand Pose Estimation, Gesture Recognition, OCR, Image Processing, AI Pipeline Integration, Human-Computer Interaction

AI-Powered Text Correction Web Application

- Built a Flask-based NLP application using PySpellChecker and TextBlob for automated spelling and grammar correction through a responsive web interface

Student Management System

- Designed an application to manage student records with CRUD operations using structured programming concepts

CERTIFICATIONS

- AWS Cloud Practitioner — AWS Web Services (CLF-C02)
- Microsoft Certified: Azure AI Fundamentals (AI-900)

- Java Programming & Software Engineering Fundamentals — Coursera
- Python Data Structures — University of Michigan
- Dynamic Programming & Greedy Algorithms — University of Colorado
- Cloud Computing Fundamentals — IBM

HACKATHONS & LEADERSHIP

- UIDAI Data Hackathon — Developed an AI-powered Duplicate Risk Intelligence System for detecting and analyzing potential duplicate Aadhaar records
- Participant — Microsoft Hackathon
- Campus Ambassador — Skillegence (IIT Hyderabad Workshop)
